DESCRIPTION

Strange things are afoot at Crafted Mead dudes. The other night Rubaeus dropped out of the sky from the future to help us create a totally utopian future society by making a most resplendent mead. The secret in this bodacious elixir was finding totally outstanding raspberries from throughout history to create this most excellent raspberry limeade. We think you'll be most appreciative of our efforts in crafting this non-bogus libation. Party on!

MODERN MEAD. MADE FOR EVERYONE.
